We took the camera to this island last weekend to enjoy these scenes first hand as we have done many times before and we have never been disappointed. was clear, even its teeth were sharp and the open mouth was the inlet for the air stream that enabled it to stay airborne. Directly across from the park is the rocky shore that is washed by the ocean surf. Our camera jammed and double exposed both scenes into one and the happy result put our great white shark right into its proper element together with another deep sea fish and the puny humans who gaze unfazed by these monsters of the deep. It is said that pictures do not lie. Maybe so, but they fib a little all in good fun.

On a fair day with a good surf running Newport is a feast for the eye. It is fun for all.

Water Quality Checked

MEETS STATE STANDARDS
MATTAPOISETT SELECTMEN'S MEETING
MAY 5, 1992-by VIRGINIA MORGAN

Water/Sewer Superintendent William T. Nicholson and Water/Sewer Commissioner Clifford Tripp met with selectmen last Tuesday with a report that the quality of drinking water on Tinkham Lane has been thoroughly tested and that the state Division of Water Supply informed our office that the water quality meets state drinking water standards.

The superintendent explained the complaint made to his office from Mr. and Mrs. Terje Tonnessen of 25 Tinkham Lane was discussed with them to review their concerns. A water sampling was taken from one location at the end of Tinkham Lane (additionally, the hose plumbing was inspected). The water was checked for regular water chemistry - hot and cold faucet of 23 parameters; 59 volatile organic compounds (which includes tetrachloroethylene-PCE, bacteria and asbestos). The tests cost about $500. to the town.

Results of the analysis from accredited laboratories include: 1. Regular chemistry meet water quality standards. 2. 59 volatile organic compounds were all non-detectable. 3. Bacteria - zero and 4. asbestos results according to the United States Environmental Pollution Agency regulations for fibers longer than 10 microns showed that there were none detected.

The superintendent said the family concerned has been notified of the results.

Selectman Paul Lambalot complimented Mr. Nicholson for his quick response and getting answers to townspeople's concerns. "We hope they will be reassured". The superintendent responded saying, "We take these complaints very seriously and do all we can to answer the questions."

Following the report, a letter was discussed sent by Mr. and Mrs. Tonnessen

and Mr. and Mrs. William Oliver, 19 Tinkham Lane requesting the selectmen, water board or health board answer a series of questions they feel they need to have resolved to put their minds at ease. They ask that answers be put in layman's terms. Mr. Nicholson said he will be addressing the questions as soon as possible, as some refer to the year 1980 and will have to be researched.

The two families did express their appreciation to the various boards for their quick response to their concerns and especially to the water department for their prompt actions to test and for the courteous manner in which they were treated.

In other business, selectmen:

WILL REFER a request from the Police Department to set up a firing range at the sanitary landfill to the Board of Health.

Police Sergeant Philip B. Marcosa, firearms instructor, explained by letter that the department used the Fin, Fur and Feather Club in the past; however, the club's regulations have become prohibitive.

Shooting at the landfill would only be allowed when the landfill is closed and in a direction away from persons and property.

Selectmen agreed to refer the request to the Board of Health. If the health board approves, possible insurance problems or any other concerns will be checked.

Health Agent Dale Barrows noted the police department did use the landfill years ago before changing to the FFF Club. He said

some areas in the landfill are very wet, and there is now a compost pile in the section previously used by the department.

GRANTED A vendor's town wharf parking permit to the Dainty Maid Company to sell food items. Selectmen voted to increase the permit fee from $5. to $20.

AGREED TO HAVE Arthur Thompson conduct a survey on the corner of Shipyard Lane and Ship Street to determine whether the area where two trees were cut down is private or town-owned land.

Tree Warden Marshall W. Pryce informed the board two trees that were not dead were cut down by G. Bourne Knowles on direction of the landowners. The tree warden claims the trees are on town-owned land and should not have been cut. The warden directed that the tree stumps not be removed.

"In making the rounds of Crescent Beach, I found Channel Street is still a mess. One house is wide open, it even has a refrigerator sitting on the lawn. Creek Street still remains the same. There has been no activity at Gaspar's house, and we don't know what they intend to do with their property. I'm su the building inspector is doing his best to address all of these problems."

Selectman Daniel Mahoney noted much of the property is privately owned; there is only so much the town can do.

ROOF REPAIR AT TOWN HALL

The J.N. Canty Roofing Company of Mattapoisett so kindly donated 24 hours of time to repair the roof of the Mattapoisett Town Hall. Mr. Canty's company had 12 workers to help beat the unscheduled rain to get the roof done before the wet weather arrived. His employees reshingled and replywooded the roof, along with painting of the cupolas and replacement of the copper flashing.

The Board of Selectmen extends its thank you on behalf of the town residents.

Boy Scouts Attend Meeting

Six members of Boy Scout Troop 53 of Mattapoisett, who are working on their Citizenship in the Community Badge, attended the board of selectmen's meeting last Tuesday. They were accompanied by their Scout Leaders Pat McCarthy and Paul Amoruso.

The scouts, Chris McCarthy, Matt Rocha, Matt Amoruso, Shane Wilhelmsen, Mike Hanna and Mike Costa, were welcomed by temporary Selectmen Chairman Paul Lambalot.

Selectman Daniel O. Mahoney explained that New England towns are unique with a board of selectmen in charge. Town government is similar to that of colonial times before the country became the United States. Town meeting is also a colonial tradition as it is similar to church meetings with a moderator conducting both church and town meetings.

The scouts were shown computer printouts on the payment of bills of town departments. One of the bills to be paid was to ComElectric Company in the amount of $3,000 to keep the street lights lit for one month. The town is run for approximately 47 million for one year, said Mr. Lambalot.

Executive Secretary Carol Adams was introduced by Selectman Mahoney who commented, "Mrs. Adams sometimes tells us what

Mattapoisett Tennis Clinic

The Mattapoisett Recreation Department will again sponsor a tennis clinic this summer at the Mattapoisett tennis courts beginning Monday, June 29th.

The 1 hour sessions held on Monday and Wednesday during the months of June, July and August will be conducted by ORR boys' tennis coach Bob Hohne and his players.

The clinic will consist of 12 hours of group instruction. Each group will be limited to 12 players to insure maximum instruction time.

According to present plans beginners will be scheduled at either 8:00 or 9:00 o'clock depending on age. The following two time slots, 10:00 and 11:00, will be reserved for advanced beginners and low intermediates respectively. The final period, 12:00 to 1:00, will be for the intermediate players.

"We will try to maintain the greatest amount of scheduling flexibility to meet the needs of the students", explained Director Bob Hohne. "Hopefully, we'll be able to schedule according to age as well as ability and wherever possible according to summer

Francis Rowland, historian of Mattapoisett, will talk on "Interesting People and Places of Old Mattapoisett".

Mrs. Welch asks that both dates be marked on members' calendars.

The June 11th finale will have two very special features: a potluck buffet at noon, with members providing main dishes, vegetables or salads and dessert and beverage provided by the club, and an entertainment by the Old Hammondtown Jazz Band.

Committees are currently being formed for the Mini-Fair which is under the direction of the executive board, Mrs. Welch said.

Letters to the Editor

For the first time since our glass recycling program started we are able to announce real success. South Shore Recycling, our collector since July 1991, has accepted 2 bins of clear glass, finding them without contamination and saleable. He collected 11.6 tons, paying $31. per ton, $350. gross, minus $200 transportation costs. This is the first time since 1989 that our plan has worked as it should!

Thank you for your carefulness in removing metal tops, rings, foil, and styrofoam. The Marion Department of Public Works deserves our heartfelt "thank you" for the system they developed, providing small bins for the glass, which is then inspected by the attendant before it is deposited in the large bin. We hope that residents will become increasingly careful so that this work will require only inspection, and not removal of the contaminants.

Two new items can be recycled curbside and drop-off: Plastic flower pots will be collected, stored at the recycling center and will be available for you if you need them. Those left over will be collected by Dana Anderson who will deliver them to a florist/nurseryman.

The second item, at long last, is telephone books, which can be recycled by NYNEX. Gene Castillo, our liaison to the Wareham Recycling Committee, reports that they will store them at their recycling center on Charge Pond Road.

Rob Zora, Superintendent Marion Department of Public Works, has arranged storage at Marion's recycling center until delivery to Wareham is indicated.

There are new initiatives both on the state and federal levels (Congress) which should provide vitality to recycling programs, through the development of markets for a greater variety of items. Please join our Recycling Committee as we plan a bright future for recycling.

Every day I remember what my father taught me when he was teaching me watch repair in his trade shop in New Bedford. First he taught me to THINK. Second, he told me when I was done repairing anything it should leave in the same condition as when sold or better. Little things like a slip with a screwdriver will not hurt or affect the running of a Movado or other fine watch, but that scratch will always be there, a statement of its own of poor, sloppy workmanship.

What has grown from that trade shop servicing 16 stores in 1946 to the leading jeweler in the area today is due, I believe, to caring, honesty, and basic beliefs not strayed from since 1946.

Elegant Dinner Dance

"SPRING FLING"

The Friends of Coastline Elderly Services Inc. will present "Spring Fling", an elegant 1930s style dinner dance, on Friday, May 29th, at Days Inn in New Bedford. The evening will begin with dinner, a choice of prime rib or baked stuffed shrimp, served at 7:00 p.m., to be followed by ballroom dancing until midnight. Tickets are available at Coastline Elderly Services, Inc., 1646 Purchase Street, New Bedford, local Councils on Aging and the Regional Elderly Nutrition Program. All proceeds will benefit the programs of Coastline Elderly Services, Inc.

Music for dancing will be provided by the thirteen piece Country Club All Stars, who have played to sold out audiences at the Zeiterion Theatre for the last two years. Band leader Dick Capozzi and his musicians have played across the country with all the great swing bands, and will be offering stirring renditions of the great dance music of the 1930s and 1940s.

"Spring Fling" is the first annual benefit fund-raiser for the Friends of Coastline Elderly Services, Inc., which provides a wide range of health and in-home services

The Friends Academy PTA invites you to attend a free lecture, "The Role of Competition - in the classroom, on the playing field, and in the family" on Wednesday, May 20th, at 7:30 p.m. The lecture will be given by Alfie Kohn, author of No Contest: The Case Against Competition. Alfie Kohn will explain why our children lose in the race to win and show how parents and teachers who really want children to thrive and succeed can provide opportunities for cooperation rather than for trying to triumph over one another.

RADON TESTING AT OLD COLONY

Recently Environmental Science Laboratory, Inc. of Medway, MA conducted a Radon Testing Program at Old Colony Regional Vocational Technical High School. Although not required by law, the testing was done to ensure that no unacceptable levels of radon existed in the building.

The testing results indicated that all instructional and work areas were well within the acceptable level as set by the Environmental Protection Agency. A copy of the testing report is available for review in the Superintendent-Director's Office at 476 North Avenue, Rochester during normal school hours.

O.C. SENIOR ACTIVITIES

Old Colony Seniors will participate in their final school activities in the next few weeks. The last day for Seniors who have met Old Colony's attendance requirements is Thursday, May 21st. On the same evening the Senior Prom will be conducted at Independence Harbor in Assonet. Thursday, June 4th, seniors will be recognized with awards, certificates, and scholarships at the Annual Awards Night Ceremony scheduled to begin at 7:00 p.m. in the school gymnasium.

Commencement Exercises are scheduled for Sunday, June 7th, at 1:00 p.m. Attendance is by invitation only. Weather permitting, graduation will be held outdoors.

KIDS AND COMPUTERS

A team of four 12th grade students from Old Colony Regional will be representing the vocational school in Rochester at Kids and Computers '92 Monday, May 18th, at the State House in Boston. The objective of the program is to demonstrate for our local representatives and senators how technology is being utilized in education today.

The Old Colony team of Stacey Barriteau, Christine Froias (Acushnet), Kelly Dowd (Carver), Sherry Bowman (Mattapoisett), and coached by computer instructor Norman Reid will be demonstrating various business applications including Lotus 1-2-3 on IBM equipment. With this software, students are able to demonstrate typical work that would be done in a business office.

Kids and Computers '92 is an annual event sponsored by MassCUE, Massachusetts Computer Using Educators. Applications are sent out to all schools in the state and then teams are selected to provide a wide range of subjects and grade level applications for the state officials to observe.
